RE:

Docket Number D2006.3.36

Enclosed is a petition from various owners of FCC Common Carrier Licenses and Call Centers Owners for intervention in the above matter.

Qwest states that they have not received any comments from people and organizations listed on the attached list. I personally have made calls to Qwest requesting information regarding this matter and have not received one telephone call in return to voice mail messages left with the company. Others have also initiated communication with Qwest with no result. The list of owners are not a formal group or association and request the opportunity to hear from Qwest an explanation as to why the consolidation of the type 1 and type 2 interconnect and how the FCC ruling regarding the T- Mobile decision effects the Radio Common Carrier paging and two-way radio industry.

I spoke with Robin McHugh of the PUC regarding the petition and when a public hearing would be held. I also spoke with Martin Jacobson of the PUC on April 10, 2006 regarding this filing.
